MEANS WEALTH MANAGEMENT

FINANCIAL STATEMENTS AND SUPPLEMENTARY SCHEDULES

DECEMBER 31, 2017 AND 2016

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders
of Means Wealth Management

Opinion on the Financial Statements

We have audited the accompanying statements of financial condition of Means Wealth Management (the Company) as of December 31, 2017 and 2016, the related statements of income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes (collectively referred to as the financial statements). In our opinion, except for the effects of the matter disclosed in the following paragraph, the financial statements present fairly, in all material respects, the financial position of Means Wealth Management as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, through March 2016, the Company reported its ownership interest in Micbrooks Partnership using the equity method of accounting. In our opinion, accounting principles generally accepted in the United States of America require that all majority-owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of Micbrooks Partnership had been consolidated with those of the Company, net income would be increased by \$1,237 for the three months ended March 31, 2016.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplemental information contained within Schedule 1, Computation of Net Capital Pursuant to Rule 15c3-1 of the Securities and Exchange Commission, Schedule 2, Reconciliation of Audited to Unaudited Computation of Net Capital Pursuant to Rule 15c3-1 of the Securities and Exchange Commission, Schedule 3, Computation for Determination of Reserve Requirements under Rule 15c3-3 (Exemption) of the Securities and Exchange Commission, and Schedule 4, Information Relating to Possession or Control Requirements Under Rule 15c3-3 (Exemption) of the Securities and Exchange Commission, has been

To the Stockholders
of Means Wealth Management

subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as Means Wealth Management's auditor since 2015.

December 31, 2017 and 2016

1. Summary of Significant Accounting Policies

Nature of Organization

Means Wealth Management (the Company) is a full service brokerage firm located in Bangor, Maine. Its customers consist of individuals located primarily in New England. The Company is a registered broker/dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Agency, Inc. and the Securities Investors Protection Corporation. Credit is extended without collateral. With the exception of six trust accounts for which the Company serves as trustee, the Company is exempt from the provisions of Securities and Exchange Commission (SEC) Rule 15c3-3, *Customer Protection Reserves and Custody of Securities*.

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting whereby the Company reports revenue when earned and expenses when incurred.

Use of Estimates

The process of preparing financial statements in conformity with U.S generally accepted accounting principles requires the use of estimates and assumptions by management regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Financial Statement Presentation

Prior to April 2016, the Company held a 66-2/3% interest in Micbrooks Partnership. Management elected to account for the investment under the equity method of accounting even though the ownership would require consolidation in accordance with authoritative guidance. In April 2016, the Company purchased the remaining interest in Micbrooks Partnership. The financial statements for the year ended December 31, 2016 include the operations of Micbrooks Partnership from the date of acquisition. Refer to Note 6 for further information on the investment.

Security Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customer securities and commodity transactions are recorded on a settlement date basis. There were no material trades which had not been settled at December 31, 2017 and 2016.

Securities are recorded at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 820, *Fair Value Measurement*. Unrealized gains or losses are reflected in the statements of income. Realized gains and losses are computed based upon the specific security sold.

Cash

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant risk on cash or cash equivalents. The Federal Deposit Insurance Corporation insures accounts up to \$250,000.

Cash Equivalents

All liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business are considered to be cash equivalents for purposes of the statements of cash flows.

Receivables from Broker-Dealers and Clearing Organizations

Receivables are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with the broker-dealers and clearing organizations having outstanding balances and current relationships with the Company, it has concluded that realization of losses on balances outstanding at year-end are expected to be immaterial.

Property and Equipment

The Company records all additions to property and equipment at cost, including freight, taxes and construction or installation costs including labor and overhead. Repairs and maintenance are charged to expense. Improvements are capitalized or expensed when incurred as determined by cost in accordance with the Company's capitalization policy. When property and equipment is sold or otherwise disposed of, the asset cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in current income.

Furniture and fixtures, computer equipment and vehicles are depreciated on a straight-line or accelerated basis over the estimated useful lives of five to ten years. Building, improvements and signage are depreciated on a straight-line basis over the estimated useful lives of 15 to 40 years.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Investment Advisory Income

Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract.

Income Taxes

The Company, with the consent of its stockholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporate income taxes, the stockholders of an S corporation are taxed based on their proportionate share of the Company's taxable income. Therefore, no provision or liability for corporate income taxes has been included in the financial statements.

The Company has adopted the provisions of authoritative guidance regarding accounting for uncertainty in income taxes. The authoritative guidance provides that a tax benefit or liability from an uncertain tax position should be recognized when it is more likely than not that a position will not be sustained upon examination. As of December 31, 2017 and 2016, management has concluded that the Company had no uncertain income tax positions.

The Company's federal income tax returns for years beginning in 2017, 2016, 2015, and 2014 are subject to examination by the Internal Revenue Service and the State of Maine, generally for three years after they were filed.

Advertising

The Company expenses advertising costs as they are incurred. Advertising expenses for the years ended December 31, 2017 and 2016 were \$38,168 and \$50,085, respectively.

Subsequent Events

Management has evaluated events and transactions subsequent to December 31, 2017, and no events have occurred requiring recognition or disclosure.

| Total - Exhibit A | <u>\$1,151,193</u> | <u>\$1,166,057</u> |

In accordance with FASB ASC Topic 820, the Company groups its financial assets measured at fair value in three levels, based on markets in which these assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 - Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the Company's own estimates of assumptions market participants would use in pricing the asset or liability. Valuation techniques include use of discounted cash flow models, options pricing models and similar techniques.

11. Guarantees / Indemnifications

The Company maintains insurance to provide protection against contingent liabilities. In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

Examination of Compliance Report

As it relates to the six accounts for which Means Wealth Management (the Company) serves as trustee, we have examined the Company's statements, included in the accompanying Compliance Report, that the:

- (1) Company's internal control over compliance was effective during the most recent fiscal year ended December 31, 2017.
- (2) Company's internal control over compliance was effective as of December 31, 2017.
- (3) Company was in compliance with 17 C.F.R. §§240.15c3-1 and 240.15c3-3(e) as of December 31, 2017.
- (4) Information used to state that the Company was in compliance with 17 C.F.R. §§240.15c3-1 and 240.15c3-3(e) was derived from the Company's books and records.

The Company's management is responsible for establishing and maintaining a system of internal control over compliance that has the objective of providing the Company with reasonable assurance that noncompliance with 17 C.F.R. §240.15c3-1, 17 C.F.R. §240.15c3-3, 17 C.F.R. §240.17a-13, or Rule 2340, Customer Account Statements of the Financial Industry Regulatory Authority, Inc. that requires account statements to be sent to the customers of the Company will be prevented or detected on a timely basis. Our responsibility is to express an opinion on the Company's statements based on our examination.

We conducted our examination in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Company's internal control over compliance was effective as of and during the most recent fiscal year ended December 31, 2017; the Company complied with 17 C.F.R. §§240.15c3-1 and 240.15c3-3(e) as of December 31, 2017; and the information used to assert compliance with 17 C.F.R. §§240.15c3-1 and 240.15c3-3(e) as of December 31, 2017 was derived from the Company's books and records. Our examination includes testing and evaluating the design and operating effectiveness of internal control over compliance, testing and evaluating the Company's compliance with 17 C.F.R. §§240.15c3-1 and 240.15c3-3(e), determining whether the information used to assert compliance with 240.15c3-1 and 240.15c3-3(e) was derived from the Company's books and records, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the Company's statements referred to above are fairly stated, in all material respects.

Review of Report of Exemption from Rule 15c3-3

We have reviewed management's statements included in the accompanying Report of Exemption from Rule 15c3-3, in which, except for the six trust accounts for which the Company serves as trustee described in the examination of compliance report above, (1) the Company identified the following provisions of 17 C.F.R. §240.15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: the provisions in subparagraph (k)(2)(ii) ("the exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
